

RESOLUTION AUTHORIZING ENDORSEMENT OF  
APPLICATION FOR TREATMENT WORKS APPROVAL (TWA-1)

**East Glen Road**

Block 10101 Lots 2-6, Block 11101 Lots 5-9, Block 11105 Lots 1 & 2  
Township of Boonton

**WHEREAS**, an application for Treatment Works Approval has been submitted by the Township of Boonton which proposes the extension of sewers for twelve (12) house connections to allow existing dwellings to move off septic systems, located on East Glen Road, Boonton, New Jersey for review by the Rockaway Valley Regional Sewerage Authority (RVRSA), which extension project is more particularly described in the Treatment Works Approvals Permit Application Form (TWA-1), attached hereto and made a part hereof; and

**WHEREAS**, the New Jersey Department of Environmental Protection (NJDEP) presently requires the certification of the 201 Sewerage Agency, as well as the certification of the owner of the sewerage treatment facility, that its treatment system contains sufficient capacity to accept the additional flow, which would emanate from the sewer extension proposed in the said application; and

**WHEREAS**, pursuant to RVRSA's planning estimates the gallonage required to service the proposed project is in the amount of 2,700 GPD; and

**WHEREAS**, the gallonage required to service the project pursuant to the calculation of the NJDEP is 3,600 GPD; and

**WHEREAS**, the Township of Denville is required to endorse the project, which it had done by Resolution R-91-18, dated January 16, 1991 and the Township of Boonton has applied to the Township of Denville for an updated endorsement of the project; and

**WHEREAS**, RVRSA is desirous of facilitating Boonton's application for sewer service extension contingent upon adoption of an updated endorsement and execution by Denville of the Treatment Works Approval Application (TWA-1) for the project.

**NOW, THEREFORE, BE IT RESOLVED** by the Rockaway Valley Regional Sewerage Authority as follows:

1. There shall be allocated from RVRSA's "First Come/First Serve" category, gallonage in the amount of 2,700 GPD.
2. JoAnn Mondsini, Executive Director of the RVRSA is authorized and directed to execute the Treatment Works Approval (TWA-1 Application) Form WQM-003 entitled Endorsements at subsections A2-C subject to the following conditions:

- A. That subsection C Certification by Wastewater Treatment Facility Owner shall not be executed, however, a notation shall be inserted to refer to an addendum attached which includes a revised certification which provides as follows:

I (we) certify that the treatment plant is currently complying with its conventional and non-conventional NJPDES permit requirements (see N.J.A.C. 7:14A-22.17 (b)-(d), flow percent removal and toxicity requirements excluded from this certification) as determined by a rolling average of the three most recent monthly discharge monitoring reports that were required to be submitted to the Department as of this date, and based upon my (our) assessment of all information pertinent to this permit request, is anticipated to continue to do so with the additional flow from this project.

- B. That this approval explicitly excludes connection of vacant lot(s), which encroach upon any environmentally sensitive areas (ESA) pursuant to Special Grant Condition No. 4, federal project C340389-04-2, effective November 29, 1983.
- C. This approval is expressly conditioned upon compliance, by the Applicant, with any relevant provisions of the Highlands Preservation and Planning Act or any rules or regulations issued pursuant thereto, if any.
- D. That any connection from a non-domestic source is subject to the RVRSA's industrial pretreatment program regulations. The applicant shall first obtain a clearance form the RVRSA's pretreatment program prior to seeking for obtaining

the necessary permit(s) for connection to the RVRSA's local/regional conveyance system.

- E. That the qualified property owner shall obtain the necessary permit(s) for sewer connection(s) to the RVRSA system, in connection therewith and the requirements of other governmental entities having jurisdiction.
- F. That the sewer mainline and each of the building lateral to be installed in connection with the project shall be subject to inspection(s) by the RVRSA.
- G. That this endorsement shall expire automatically unless the attached application is filed with the NJDEP within 60 days of the day of the adoption of this Resolution. Evidence of submission shall be submitted by the Applicant to RVRSA in order to satisfy this requirement.
- H. This approval is subject to compliance with revised Service Rules of the RVRSA, and the payment of the appropriate fees and/or charges of the RVRSA including, but not limited to those set forth at Section 4.03 (3) Revised Service Rules of the RVRSA, and payment of the appropriate fees of any other governmental authority having jurisdiction.
- I. In the event that the allocation remains unconnected to the RVRSA System for longer than eighteen (18) months from the date of this resolution, then payments shall be made to the RVRSA representing the debt service and capital cost funded by the users for the prior year—calculated on the number of gallons per day allocated but unconnected. Such payment shall be made each year until the allocated gallonage is connected or terminated.
- J. The approval of the use of NJDEP's gallonage determination is made under protest and for the sole purpose of approving the TWA-1 sewer extension application and shall not affect in any way gallonage allocated for RVRSA's planning purposes.

K. This endorsement is further conditioned upon the adoption by the Township of Denville of an updated resolution endorsing the project and the execution of a Treatment Works Approval Application (TWA-1) for East Glen Road by the Township of Denville.

I hereby certify that this Resolution was adopted at a meeting of the Rockaway Valley Regional Sewerage Authority held on March 27, 2014

On motion of Glenn Corbett

Second by Joseph Lowell

And a Roll Call Vote as Follows:

Yeas: (6) Cegelka, Corbett, Lowell, Schorno, Secco and Vincitore

Nays: (0) None

Abstain: (1) Andes

Absent: (3) Guadagno, Recchia, Schaefer

**FACT SHEET**  
**East Glen Road – Township of Boonton**

**Action Request:** WQM-003 Parts A-2 and C Endorsement for Treatment Works Approval

**Project Location:** Township of Boonton  
East Glen Road  
For: Block 10101 Lots 2-6, Block 11101 Lots 5-9, Block 11105 Lots 1 & 2

**Applicant:** Township of Boonton  
155 Powerville Road  
Boonton Township

**Project:** Sewer extension for 12 house connections to move off septic systems

**Service Area:** The property is located within the RVRSA Service Area\* as confirmed by Morris County Planning & Development based on NJDEP approved Wastewater Management Plan maps. \*Approx. half of Block 10101 Lot 2 is not in the service area, not affecting connection.

**Wetlands:** The project site does not contain wetlands according to the project engineer.

**Gallongage (FC/FS):** NJDEP criteria 3,600 gpd  
RVRSA gallongage 2,700 gpd

**Flow Metered at:** MC: DV (Denville)

**Local Approval:** Township of Boonton Resolution 14-66, dated 2/10/14  
Township of Denville Resolution R-91-18, dated 1/16/91 –will get updated

**Ownership Disclosure Statement:** Not applicable.  
Home owners' names as received from project engineer:  
Lisa Brinkman, Gerald Schuster, Kevin & Andrea Gillis, Marilyn Terhune (2), Diane Berenson, Eugene & Marylou Swanton, Daniel & Renee Zalesky, Andrea Conway & Daniel Jones, Jonathan & Marie Raser, Robert & June Malavarka, James Dunlap

**Engineer:** Henry Huelsebusch, PE  
Bricker & Associates  
Denville, NJ
