

RESOLUTION AUTHORIZING TIME EXTENSION RELEVANT TO  
ENDORSEMENT OF  
APPLICATION FOR TREATMENT WORKS APPROVAL (TWA-1)  
**73 Watchtower Road**  
**Township of Denville**  
Block 70502, Lot 317

**WHEREAS**, an application for Treatment Works Approval has been submitted by the Township of Denville (“Denville”) that was originally approved in 2017 which proposes the extension of the sanitary sewer to serve a new residential structure at 73 Watchtower Road, Block 70502, Lot 317, Township of Denville, and may ultimately serve a total of six (6) connections. The project is more particularly described in the Treatment Works Approvals Permit Application Form (TWA-1), attached hereto and made a part hereof; and

**WHEREAS**, the start of construction for the project was delayed due to illness of homeowner as stated in email to Denville Planning Board Secretary, Ms. Unrath, from Andrew M. Hanson, Project Manager, Careaga Engineering, dated July 30, 2019; and

**WHEREAS**, the New Jersey Department of Environmental Protection (NJDEP) presently requires the certification of the 201 Sewerage Agency to extend the time of a TWA endorsement, as well as, the certification of the owner of the sewerage treatment facility, that its treatment system contains sufficient capacity to accept the additional flow, which would emanate from the sewer extension proposed in the said application; and

**WHEREAS**, pursuant to RVRSA’s planning estimates the gallonage required to service the proposed project is in the amount of 275 GPD; and

**WHEREAS**, the additional gallonage required to service the project pursuant to the calculation of the NJDEP is 300 GPD; and

**WHEREAS**, the Township of Denville is required to endorse the project; and

**WHEREAS**, RVRSA is desirous of facilitating Denville's application for sewer service extension.

**NOW, THEREFORE, BE IT RESOLVED** by the Rockaway Valley Regional Sewerage Authority as follows:

1. The request for an extension of time is hereby granted for a period of one (1) year and RVRSA shall continue to allocate, from RVRSA's "First Come/First Serve" category, gallonage in the amount of 275 GPD.

2. JoAnn Mondini, Executive Director of the RVRSA is authorized and directed to advise the NJDEP that RVRSA has granted applicant's request for a time extension relevant to the Treatment Works Approval (TWA-1 Application) Form WQM-003 entitled Endorsements at subsections A2-C subject to the following conditions:

A. That subsection C Certification by Wastewater Treatment Facility Owner shall not be executed, however, a notation shall be inserted to refer to an addendum attached which includes a revised certification which provides as follows:

I (we) certify that the treatment plant is currently complying with its conventional and non-conventional NJPDES permit requirements (see N.J.A.C. 7:14A-22.17 (b)-(d), flow percent removal and toxicity requirements excluded from this certification) as determined by a rolling average of the three most recent monthly discharge monitoring reports that were required to be submitted to the Department as of this date, and based upon my (our) assessment of all information pertinent to this permit request, is anticipated to continue to do so with the additional flow from this project.

B. That this approval explicitly excludes connection of vacant lot(s), which encroach upon any environmentally sensitive areas (ESA) pursuant to Special Grant Condition No. 4, federal project C340389-04-2, effective November 29, 1983.

C. This approval is expressly conditioned upon compliance, by the Applicant, with any relevant provisions of the Highlands Preservation and Planning Act or any rules or regulations issued pursuant thereto, if any.

- D. That any connection from a non-domestic source is subject to the RVRSA's industrial pretreatment program regulations. The applicant shall first obtain a clearance from the RVRSA's pretreatment program prior to seeking for obtaining the necessary permit(s) for connection to the RVRSA's local/regional conveyance system.
- E. That the qualified property owner shall obtain the necessary permit(s) for sewer connection(s) to the RVRSA system, in connection therewith and the requirements of other governmental entities having jurisdiction.
- F. That the sewer mainline and each of the building laterals to be installed in connection with the project shall be subject to inspection(s) by the RVRSA.
- G. That this endorsement shall expire automatically unless the attached application is filed with the NJDEP within 60 days of the day of the adoption of this Resolution. Evidence of submission shall be submitted by the Applicant to RVRSA in order to satisfy this requirement.
- H. This approval is subject to compliance with revised Service Rules of the RVRSA, and the payment of the appropriate fees and/or charges of the RVRSA including, but not limited to those set forth at Section 4.03 (3) Revised Service Rules of the RVRSA, and payment of the appropriate fees of any other governmental authority having jurisdiction.
- I. The approval of the use of NJDEP's gallonage determination is made under protest and for the sole purpose of approving the TWA-1 sewer extension application and shall not affect in any way gallonage allocated for RVRSA's planning purposes.
- J. The approval of the Township of Denville, by resolution, for a one-year time extension of the New Jersey Department of Environmental Protection TWA No. 17-0333.

I hereby certify that this Resolution was adopted at a meeting of the Rockaway Valley Regional Sewerage Authority held on August 8, 2019.

On the motion of: Glenn Corbett

Second by: Michael Guadagno

Re: Treatment Works Approval No. 17-0333  
Watchtower Road  
Denville Twp., Morris County

Gentlemen:

There is enclosed a Treatment Works Approval issued to you pursuant to Title 58 of the Revised Statutes of New Jersey and in consideration of your application received on 08/08/2017 signed by Steven Ward, Township Administrator, and Jeffrey J. Careaga, P.E.

This approval is valid for a period of two (2) years from the issuance date, unless otherwise stated in the attached approval document. This approval shall expire unless building, installing or modifying of the treatment works has begun within the initial approval period. Treatment works approvals may be extended beyond the original two year approval date, to a maximum period of five years from the original issuance date, in accordance with the terms and conditions contained in N.J.A.C. 7:14A-22.12. A time extension request must be received by the Department prior to the permit's expiration date. Time extension requests shall be submitted to the Bureau of Environmental, Engineering & Permitting (BEEP) at the address noted in the heading of this letter.

Within 30 days of completion of the treatment works approved herein, the permittee shall submit an executed Form WQM005 (Certification of Completion) to BEEP and the receiving sewage treatment plant, as indicated in the Treatment Works Approval under Part II - "General Conditions for Treatment Works Approvals", Section B.

If you have any questions regarding the permit, please contact Sharad Pandya of this office by calling (609) 984-4429.

Sincerely,

*Jehan Halim*

*This permit is also subject to special provisos and general conditions stipulated on the attached pages which are agreed to by the permittee upon acceptance of the permit.*

# PART I

## PROVISOS

### A. Project Specific Provisos

1. That pursuant to N.J.A.C. 7:10A-1 et. seq., an appropriate public wastewater collection system licensed operator will be required for your system.
2. That except as provided in N.J.A.C. 7:14A-22.4, any future sewer connections into the sanitary sewer system approved herein will require a treatment works approval from the N.J.D.E.P.

### B. Custom Requirement

1. It is the applicant's responsibility to obtain all Federal, State and local approvals that may be required for this project.
2. The layout and separation of the proposed gravity sewer from water line shall be in accordance with N.J.A.C. 7:14A-23.6(4)i.

**GENERAL CONDITIONS FOR TREATMENT WORKS APPROVALS****Section A. GENERAL CONDITIONS**

1. This permit is revocable, or subject to modification or change, at any time, when in the judgement of the Department of Environmental Protection of the State of New Jersey such revocation, modification or change shall be necessary.
2. The issuance of this permit shall not be deemed to affect in any way action by the Department of Environmental Protection of the State of New Jersey on any future application.
3. The works, facilities, and/or activities shown by plans and/or other engineering data, which are this day approved, subject to the conditions herewith established, shall be constructed and/or executed in conformity with such plans and/or engineering data and the said conditions.
4. No change in plans or specifications shall be made except with the prior written permission of the Department of Environmental Protection of the State of New Jersey.
5. The granting of this permit shall not be construed to in any way affect the title or ownership of property, and shall not make the Department of Environmental Protection or the State a party in any suit or question of property.
6. This permit does not waive the obtaining of Federal or other State or local government consent when necessary. This permit is not valid and no work shall be undertaken until such time as all other required approvals and permits have been obtained.
7. A copy of this permit shall be kept at the work site, and shall be exhibited upon request of any person.
8. No treatment unit or conveyance system may be by-passed which would result in the discharge of untreated sewage into any of the waters of the state.
9. The full responsibility for adequate design, construction and operation of the treatment works, and the full responsibility for successful collection, treatment, and discharge of pollutants shall be on the applicant.
10. The issuance of approval by the Department shall not relieve the applicant of the continuing responsibility for the successful collection, treatment, or discharge of pollutants for the continuing compliance with any applicable effluent limitations, permits, regulations, statute, or other law.
11. Review and approval is based solely upon the information contained in the application and the contents of the engineer's report as certified by the licensed professional engineer as being in compliance with the Department's Rules and Regulations.

**Section B. CONSTRUCTION COMPLETION CERTIFICATION**

1. Within 30 days of completion of the treatment works approved herein, the permittee shall submit an executed WQM005 Certification of Completion, to the receiving sewage treatment plant (STP) and to the appropriate Bureau and address noted on the cover page of this approval. Failure to submit the certification within 30 days of completion of the project may be grounds for revocation of the permit. Should partial operation be required prior to completion, approval will be under local jurisdiction.
2. In cases where the project and the receiving treatment facility are one in the same, the WQM005 Certification of Completion form must be submitted to the Bureau and address noted on the cover page of this approval within 30 days of completion of the treatment works. Failure to submit the certification within this time period may be grounds for revocation of the permit.

**Section C. PERMIT EXPIRATION AND EXTENSIONS OF TIME**

1. This permit shall remain in force for a period of only two years from the date of approval unless stated otherwise within the special provisos, or construction of said works has begun within the approved time frame. Interruption of construction of said works for a period of more than two years may serve as a basis for permit revocation.
2. Treatment works approvals may be extended beyond the original two year approval date, to a maximum of five years from the original issuance date, in accordance with the terms and conditions in N.J.A.C. 7:14A-22.12, unless stated otherwise within the special provisos. A time extension request must be received by the Department prior to the permit's expiration date. Requests must be submitted to the Bureau and address noted on the cover page.

**Section D. ADJUDICATORY HEARING REQUESTS**

1. Pursuant to N.J.A.C. 7:14A-22.24 et seq., any interested person who considers himself or herself aggrieved by this action, may, within 10 days of publication of notice of the decision in the DEP Bulletin, request a hearing by addressing a written request for such hearing to the:

Office of Legal Affairs  
Attention: Adjudicatory Hearing Requests  
Department of Environmental Protection  
P.O. Box 420, Mail Code 401-04L  
Trenton, NJ 08625-0420

Such a request should include a completed Administrative Hearing Request Checklist and Tracking form for Approvals or Denials (enclosed herein for Denials). This form is required, as DEP is the transmitting agency to the Office of Administrative Law, pursuant to N.J.A.C. 1:1-8.2.
