Answer all questions below using the space provided. Do not attach answers as a separate document.

1. Complete a brief statement on the Fiscal Year 2026 proposed Annual Budget and make comparison to the Fiscal Year 2025 adopted budget for each Revenues and Appropriations. Explain any variances over +/-10% (as shown on budget pages F-2 and F-4) for each individual revenue and appropriation line item. Explanations of variances should include a description of the reason for the increase or decrease in the budgeted line item, not just an indication of the amount and percent of change. Upload any supporting documentation that will help explain the reason for the increase or decrease in the budgeted line item.

The 2026 budget is quite challenging with major increases in health insurance and debt service costs. Below is major increase in Rev. & Exp. Revenues:

Industrial Application Fees (+3000 or 400%) - Increase due to the anticipated number of applicates in 2026.

Industrial Annual Fee (+152,850 or 509.50%) The Authority is anticipating increased revenues based on a completed updated Excess Pollutant Surcharge Program.

Expenditures:

Administration Salary and Wages (+142,380 or 13.1%) is a result of a 3.5% increase in Wages and the hiring of an electrical apprentice employee for future succession plan.

The Authority is utilizing \$400,000 in unrestricted net position in the operating budget and \$3,088,340 in the capital budget in order to keep participant charges stable and provide for pay as you go (non-loan) capital projects.

Answer all questions below using the space provided. Do not attach answers as a separate document.

4. Identify any sources of funds transferred to the County/Municipality as a budget subsidy or shared service payments, **pilot** payments, or other types of contracts or agreements. (Example - To provide police services to the Authority, etc. and explain the reason for the transfer (i.e. to balance the County/Municipal Budget, etc.)

Not Applicable.

5. The proposed budget must not reflect an anticipated deficit from 2025 operations. If there exists an accumulated deficit from prior year's budgets (and funding is included in the proposed budget as a result of a prior year deficit) explain the funding plan to eliminate said deficit (N.J.S.A. 40A:5A-12). If the Authority has a net deficit reported in its most recent audit, it must provide a deficit reduction plan in response to this question.

The Authority reported a \$7,657,975 deficit in unrestricted, undesignated net position in its unaudited financial statements for the year ending December 31, 2024. \$4,898,597 of this deficit is directly attributable to the implementation of GASB Statement No. 68. \$8,664,795 of this deficit is directly attributable to the implementation of GASB Statement No. 75. \$5,905,417 of the remaining unrestricted, undesignated net position was available for use in future budgets as of December 31, 2024. The Authority will continue to pay the annual pension and health insurance bills and overtime the increasing amounts of these payments will fund the respective deficits.

(Prepare a response to deficits in most recent audit report pertaining to Deficits to Unrestricted Net Position caused by recording Pension and Post-Employment Benefits liabilities as required by GASB 68 and GASB 75) and similar types of deficits in the audit report. How would these deficits be funded?
