

RESOLUTION AUTHORIZING TIME EXTENSION RELEVANT TO
ENDORSEMENT OF
APPLICATION FOR TREATMENT WORKS APPROVAL - (TWA-1)
73 Watchtower Road
Block 70502, Lot 317
Denville

WHEREAS, an application for Treatment Works Approval has been submitted by the Township of Denville that was originally approved in 2017, which proposes the extension of the sanitary sewer to serve a new residential structure at 73 Watchtower Road, Block 70502, Lot 317, Township of Denville. The project is more particularly described in the Treatment Works Approvals Permit Application Form (TWA-1), attached hereto and made a part hereof; and

WHEREAS, RVRSA adopted Resolution 17-068 on May 11, 2017 approving the TWA request and further adopted Resolution 19-072 on August 8, 2019 authorizing a one-year extension of the Treatment Works Approval for the connection of one (1) residential structure in the amount of 275 GPD at 73 Watchtower Road; and

WHEREAS, the start of construction for the project has been delayed due to illness and thereafter the COVID pandemic; and

WHEREAS, the New Jersey Department of Environmental Protection (NJDEP) presently requires the certification of the 201 Sewerage Agency to extend the time of a TWA endorsement, as well as, the certification of the owner of the sewerage treatment facility, that its treatment system contains sufficient capacity to accept the additional flow, which would emanate from the sewer extension proposed in the said application; and

WHEREAS, by Resolution R-22-37, adopted February 16, 2022, the Township of Denville has granted applicant an extension of the Treatment Works Approval due to COVID-19; and

WHEREAS, pursuant to RVRSA's planning estimates the gallonage required to service the proposed project, namely 73 Watchtower Road is in the amount of 275 GPD; and

WHEREAS, the additional gallonage required to service the project pursuant to the calculation of the NJDEP is 300 GPD; and

WHEREAS, RVRSA is desirous of facilitating Denville Township's application for a sewer service time extension.

NOW, THEREFORE, BE IT RESOLVED by the Rockaway Valley Regional Sewerage Authority as follows:

1. The request for an extension of time is hereby granted for a period of two one (1) year extensions establishing that, subject to NJDEP approval, the TWA shall now expire on August 1, 2022, and RVRSA shall continue to allocate, from RVRSA's "First Come/First Serve" category, gallonage in the amount of 275 GPD.
2. JoAnn Mondisini, Executive Director of the RVRSA is authorized and directed to advise the NJDEP that RVRSA has granted applicant's request for a time extension relevant to the Treatment Works Approval (TWA-1 Application) subject to the following conditions:
 - A. That this approval explicitly excludes connection of vacant lot(s), which encroach any environmentally sensitive areas (ESA) pursuant to Special Grant Condition No. 4, federal project C340389-04-2, effective November 29, 1983.
 - B. This approval is expressly conditioned upon compliance, by the Applicant, with any relevant provisions of the Highlands Preservation and Planning Act or any rules or regulations issued pursuant thereto, if any.
 - C. That any connection from a non-domestic source is subject to the RVRSA's industrial pretreatment program regulations. The applicant shall first obtain a clearance from the RVRSA's pretreatment program prior to seeking for obtaining the necessary permit(s) for connection to the RVRSA's local/regional conveyance system.
 - D. That the qualified property owner shall obtain the necessary permit(s) for sewer connection(s) to the RVRSA system, in connection therewith and the requirements of other governmental entities having jurisdiction.

- E. That the sewer mainline and each of the building laterals to be installed in connection with the project shall be subject to inspection(s) by the RVRSA.
- F. That this endorsement shall expire automatically unless the attached application for time extension is filed with the NJDEP within 60 days of the day of the adoption of this Resolution. Evidence of submission shall be submitted by the Applicant to RVRSA in order to satisfy this requirement.
- G. This approval is subject to compliance with revised Service Rules of the RVRSA, and the payment of the appropriate fees and/or charges of the RVRSA including, but not limited to those set forth at Section 4.03 (3) Revised Service Rules of the RVRSA, and payment of the appropriate fees of any other governmental authority having jurisdiction.
- H. The approval of the use of NJDEP's gallonage determination is made under protest and for the sole purpose of approving the TWA-1 sewer extension application and shall not affect in any way gallonage allocated for RVRSA's planning purposes.

CERTIFICATION

I hereby certify that this Resolution was adopted at a meeting of the Rockaway Valley Regional Sewerage Authority held on March 10, 2022.

On motion of Commissioner Farrell

Second by Commissioner Howarth
