

CONTRACT 44
EMERGENCY GENERATOR AND SWITCHGEAR
REPLACEMENT PROJECT

**New Jersey Environmental Infrastructure Financing
Program USEPA Public Awareness of SRF Assistance
Requirements**

Construction of upgrades and improvements to Rockaway Valley Regional Sewerage Authority in the amount of \$13,500,000 were financed by the New Jersey Water Bank (NJWB). The NJWB is a State Revolving Fund program jointly administered by the New Jersey Department of Environmental Protection (DEP) and the New Jersey Infrastructure Bank (Infrastructure Bank) and uses a combination of funds provided by the United States Environmental Protection Agency, the DEP, and the Infrastructure Bank to provide very low interest loans to borrowers for environmental infrastructure projects.

This project will provide water quality benefits by providing uninterrupted emergency power supply to the facility for residents and businesses in the Town of Boonton, Boonton Township, Dover, Denville, Mine Hill, Picatinny, Randolph, the Township of Rockaway, Rockaway Borough, Victory Gardens and Wharton, within Morris County.

State Revolving Fund programs around the nation provide states and communities the resources necessary to maintain and improve the infrastructure protecting our valuable water resources nationwide.
