INDEPENDENT AUDITOR'S REPORT

Honorable Chairman and Members of the
Rockaway Valley Regional Sewerage Authority
99 Green Bank Road
Boonton, New Jersey 07005

Report on the Financial Statements

Opinion

We have audited the accompanying statement of net position of the Rockaway Valley Regional Sewerage Authority, as of and for the years ended December 31, 2024 and 2023 and the related statements of revenues, expenses and changes in net position and cash flows for the year then ended, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Rockaway Valley Regional Sewerage Authority, as of December 31, 2024 and 2023, and the respective changes in financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards (Government Auditing Standards), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Rockaway Valley Regional Sewerage Authority and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Rockaway Valley Regional Sewerage Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, schedule of the Authority's proportionate share of the net pension liability-PERS, schedule of the Authority's contributions-PERS and schedule of the Authority's proportionate share of the State OPEB Liability, as identified in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The supplementary information listed in the table of contents and the schedule of expenditures of federal and state awards, as required by Title 2 U.S. Code of Federal Regulation Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the N.J. OMB Circular 15-08 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic

financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information listed in the table of contents and the schedule of expenditures of federal and state awards, as required by Title 2 U.S. Code of Federal Regulation Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the N.J. OMB Circular 15-08 is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Management is responsible for the other information included in the annual report. The other information comprises the letter of comments and recommendations section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 8, 2025 on our consideration of the Rockaway Valley Regional Sewerage Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Rockaway Valley Regional Sewerage Authority's internal control over financial reporting and compliance.

Required Supplementary Information - Part I

Management Discussion and Analysis

ROCKAWAY VALLEY REGIONAL SEWERAGE AUTHORITY MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Rockaway Valley Regional Sewerage Authority, we offer the Authority's financial statements this narrative overview and analysis of the Authority's financial performance during the fiscal years ended December 31, 2024 and 2023. Please read this analysis in conjunction with the Authority's financial statements, which follow this section.

Financial Highlights

- The Authority's assets and deferred outflows exceeded its liabilities and deferred inflows of resources by \$28,074,784 (net position) for the fiscal year reported. This compares to the previous year when assets exceeded liabilities and deferred inflows of resources by \$28,835,080.
- Total net position is comprised of the following:
 - (1) Net investment in capital assets of \$29,683,463 includes property and equipment, net of accumulated depreciation, and reduced for outstanding debt and unexpended funds related to the purchase or construction of capital assets.
 - (2) Restricted of \$98,461 are restricted by constraints imposed from outside the Authority such as debt covenants, grantors, laws, or regulations.
 - (3) Unrestricted of \$(1,707,140) represent the portion available to maintain the Authority's continuing obligations to citizens and creditors.
- Total liabilities of the Authority increased by \$13,067,344 to \$70,238,213 during the fiscal year.

Overview of the Financial Statements

This annual report includes this management discussion, the independent auditor's report and the basic financial statements of the Authority. The financial statements also include notes that explain in more detail some of the information in the financial statements.

Required Financial Statements

The financial statements of the Authority report information of the Authority using accounting methods similar to those used by private sector companies. These statements offer short and long-term financial information about its activities. The *Statement of Net Position* includes all of the Authority's assets, deferred outflows of resources, liabilities and deferred inflows of resources, and provides information about the nature and amounts of investments in resources (assets), the consumption of net position that is applicable to a future period (deferred outflows of resources), the acquisition of net position that is applicable to a future reporting period (deferred inflows of resources) and the obligations to Authority creditors (liabilities). It also provides the basis for evaluating the capital structure of the Authority and assessing the liquidity and financial flexibility of the Authority.

ROCKAWAY VALLEY REGIONAL SEWERAGE AUTHORITY MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

All of the current year's revenues and expenses are accounted for in the *Statement of Revenues, Expenses and Changes in Net Position*. This statement measures the results of the Authority's operations over the past year and can be used to determine whether the Authority has recovered all its costs through user fees and other charges, operational stability and credit worthiness.

The final required financial statement is the *Statement of Cash Flows*. This statement reports cash receipts and cash payments, and net changes in cash resulting from operations, investing and financing activities and provides answers to such questions as what operational sources provided cash, what was the cash used for, and what was the change in cash balance during the reporting period.

Notes to the Financial Statements

The accompanying notes to the financial statements provide information essential to a full understanding of the financial statements. The notes to the financial statements begin immediately following the basic financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report presents certain required supplementary information. This supplementary information follows the notes to the financial statements.

Financial Analysis of the Authority

One of the most important questions asked about the Authority's finances is "Is the Authority as a whole better able to fulfill its mission as a result of this year's activities?" The *Statement of Net Position* and the *Statement of Revenues, Expenses and Changes in Net Position* report information about the Authority's activities in a way that will help answer this question. These two statements report net position of the Authority and the changes in the position. The reader can think of the Authority's net position – the difference between assets, deferred outflows of resources, liabilities and deferred inflows of resources – as one way to measure financial health or financial position. Over time, increases or decreases in the Authority's net position are one indicator of whether its financial health is improving or deteriorating. However, one will need to consider the non-financial factors such as changes in economic conditions, population growth, development, and new or changed government regulation.

**ROCKAWAY VALLEY REGIONAL SEWERAGE AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)**

Net Position

As year-to-year financial information is accumulated on a consistent basis, changes in net position may be observed and used to discuss the changing financial position of the Authority as a whole.

The Authority's net position at fiscal year-end is \$28,074,784. This is a \$760,296 decrease over last year's net position of \$28,835,080. A summary of the Authority's statement of net position is presented in the following table:

**Condensed Statement of Net Position at December 31, 2024

Budgetary Highlights

The State of New Jersey requires local authorities to prepare and adopt annual budgets in accordance with the Local Authorities Fiscal Control Law and regulations adopted by the Local Finance Board pursuant to this statute and codified as N.J.A.C. 5:31-1 et seq. The statutory budget was designed to demonstrate to the Bureau of Authority Regulation of the Division of Local Government Services that the cash flows of the Authority for the coming year will be sufficient to cover operating expenses, interest accruing on bonded indebtedness and cash payments of maturing bond and loan principal.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)**

Debt Administration

At December 31, 2024, the Authority had outstanding New Jersey Environmental Infrastructure Fund bonds of \$12,700,051 (gross). The debt service schedule has a final maturity in 2031. Full details of the specific bond issues outstanding are found in Note 6 to the financial statements and the supplementary schedules. The Authority also had outstanding \$30,979,034 in temporary financing through the New Jersey Infrastructure Bank ("NJIB").

Economic Factors, Future Years' Budgets and Rates

The Commissioners and management of the Authority consider many factors when preparing each year's budget and annual charges. Two of the main factors are growth in the Authority's system and new regulations issued by the State and Federal governments.

Contacting the Authority

This financial report is designed to provide our customers and creditors with a general overview of the Authority's finances and to demonstrate the Authority's accountability for the fees it receives. If you have any questions about this report or need additional information, contact the Executive Director of the Rockaway Valley Regional Sewerage Authority, 99 Green Bank Road, Boonton, New Jersey 07005.

Notes to Financial Statements

ROCKAWAY VALLEY REGIONAL SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 1. GENERAL

The Rockaway Valley Regional Sewerage Authority (the "Authority") is a public body corporate and politic of the State of New Jersey, governed by ten members appointed by its participant municipalities and the City of Jersey City.

The Authority was created and organized in 1971 under and pursuant to the State Municipal Utilities Authorities Law (P.L. 1957, Chapter 183).

The Rockaway Valley Regional Sewerage Authority was created to operate a wastewater collection and treatment system to serve nine member municipalities (Denville, Randolph, Boonton Township, Town of Boonton, Rockaway Borough, Rockaway Township, Dover, Wharton, and Victory Gardens) in Morris County, New Jersey. The Authority bills and collects its revenue from users of the system, and the City of Jersey City under a stipulation of settlement. The Authority has entered into an agreement with its member municipalities and Jersey City, obligating each municipality to guarantee its proportionate share of the Authority's debt service, to the extent not met by other sources.

As a public body, under existing statute, the Authority is exempt from both federal and state taxes.

Component Unit

In evaluating how to define the Authority for financial reporting purposes, management has considered all potential component units. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statements No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14 and No. 34*. Blended component units, although legally separate entities, are in-substance part of the government's operations. Each discretely presented component unit would be or is reported in a separate column in the financial statements to emphasize that it is legally separate from the government.

The basic-but not the only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens.

**ROCKAWAY VALLEY REGIONAL SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022**

NOTE 1. GENERAL, (continued)

Component Unit, (continued)

A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Finally, the nature and significance of a potential component unit to the primary government could warrant its inclusion within the reporting entity.

Based upon the application of these criteria, the Authority has no component units.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the more significant accounting policies:

A. Basis of Presentation

The financial statements of the Rockaway Valley Regional Sewerage Authority have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) applicable to enterprise funds of state and local governmental units. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing services to the general public on a continuing basis be financed or recovered primarily through user charges, or where the governing body has decided that the periodic determination of revenues earned, expenses incurred, and or net income is appropriate for capital maintenance, public policy, accountability or other purposes. The Governmental Accounting Standards Board GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant of the Authority's accounting policies are described below.

On January 1, 2012, the Authority adopted the provisions of Governmental Accounting Standards Board Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, which amends the net position reporting requirement of Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, and other pronouncements by incorporating deferred outflows from resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets. The classifications of net position are defined as follows:

ROCKAWAY VALLEY REGIONAL SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

A. Basis of Presentation, (continued)

- *Net investment in capital assets* - This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are any significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds are not included in the calculation of invested in capital assets, net of related debt. Rather that portion of the debt is included in the same net position component as the unspent proceeds.
- *Restricted* - This component of net position consists of constraints placed on net position used through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- *Unrestricted* - This component of net position consists of net position that do not meet the definition of “restricted” or “net investment in capital assets.”

B. Basis of Accounting

The Rockaway Valley Regional Sewerage Authority prepares its financial statements on the accrual basis of accounting in accordance with generally accepted accounting principles. Under the accrual basis of accounting, revenues are recognized when they are earned and expenses are recognized when the liability is incurred.

C. Reporting Entity

The Authority’s financial statements include the accounts of all Authority operations. The primary criterion for including activities within the Authority’s reporting entity, is set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards. Based on this criteria, the Authority is a legally separate organization and has no component units.

ROCKAWAY VALLEY REGIONAL SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

D. Risks of Loss

The Authority purchases commercial insurance policies on an annual basis to handle risks of loss associated with property, auto, liability, workers compensation, flood damage, and employee crime coverage. Any potential liability of the Authority with respect to loss claims would be equal to the deductibles associated with the policies and an event, which may exceed policy coverage limits.

E. Grants

Contributions received from the U.S. Environmental Protection Agency, U.S. Department of Homeland Security and N.J. Department of Environmental Protection are recorded in the period in which they are awarded.

Grants receivable, if any, represent the total grant awards less amounts collected to date. Grants, if any, not internally restricted and utilized to finance operations are identified as non-operating revenue. Grants externally restricted for non-operating purposes are recorded as contributed capital and identified as grants-in-aid.

F. Inventories of Materials and Supplies

The cost of inventories, primarily chemicals for the treatment of sewerage and sludge, are recorded as expenditures at the time individual items are purchased, since they are not material to the results of operations and financial position.

G. Unearned Revenue

Unearned revenue arise when assets are recognized before revenue recognition criteria has been satisfied. The Authority's participating municipalities are advancing funds to offset the loss of revenue that the City of Jersey City has been withholding for their portion of the debt service charge. These advances will be either returned to the participants or realized as revenue when the final disposition of the litigation is resolved (See Note 9—Jersey City Municipal Utilities Authority, et al., v. Town of Dover, et als.).

H. Property, Plant and Equipment

Property, Plant and Equipment is stated at cost which includes direct construction costs and other expenditures related to construction. Land is stated at approximate fair market value as of the date it was donated to the Authority or at the purchase price if purchased by the Authority.

ROCKAWAY VALLEY REGIONAL SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

H. Property, Plant and Equipment, (continued)

System construction costs are charged to construction in progress until such time as given segments of the system are completed and placed into operation.

Depreciation is determined on a straight-line basis for all plant and equipment. Depreciation is provided over the following estimated useful lives:

Building and Improvements	20-50 Years
Sewer Mains and Interceptors	50 Years
Machinery and Equipment	10-20 Years
Furniture and Fixtures	5 Years
Vehicles	3-10 Years

Depreciation on assets acquired with grants-in-aid and contributed capital assets is recorded as a reduction of contributed capital.

A summary of the changes in property, plant and equipment at December 31, 2024 and 2023 are as follows:

	<u>Balance</u> <u>FY2023</u>	<u>Net</u> <u>Additions</u>	<u>Disposals</u>	<u>Balance</u> <u>FY2024</u>

I. Restricted and Designated Accounts

State Unemployment Insurance

The Authority is a participant in the New Jersey State Unemployment Fund. The Authority has selected the reimbursement method for payment of unemployment compensation claims. The employer and employee contribute to a restricted fund of the Authority. The State Fund is then reimbursed from the Authority's restricted fund based on actual payments made by the State.

Designated Accounts

The Authority has established the following designated unrestricted accounts:

Capital Replacement Reserve

The Authority established this account in order to provide funds for capital projects to be funded on an ongoing basis.

Renewal and Replacement

Pay for emergency and non-recurring repairs, etc. Holds amounts needed for replacement of assets at the Authority's discretion.

Construction Reserve

The Authority established this account to provide funds for future construction projects.

Debt Service Reserve

The Authority established this account to provide funds for future debt service payments.

ROCKAWAY VALLEY REGIONAL SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

J. Unamortized Premium on Bonds

Premiums paid in connection with the Series 2007, 2010, 2012, 2018, 2019, and 2021 bond issues are being amortized over the life of the issues.

K. Operating Fund Budget

The budget amounts included in the statement of budget revenues and statement of budget expenditures were approved in accordance with the requirements of the "Local Finance Board" of the State of New Jersey, and were adopted by the Commissioners after legal advertisement and public hearing.

L. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the statement of net position, and reported amounts of revenues and expenses during the reporting period. These estimates and assumptions include depreciation expense, the allowance for doubtful accounts and certain claims and judgment liabilities, among other accounts. Estimates and assumptions are reviewed periodically and the effects of revisions are reflected in the financial statements in the period they are determined to be necessary. Actual results may differ from those estimates.

M. Sick and Vacation Leave

Authority employees are granted varying amounts of sick leave in accordance with the Authority's personnel policy and union agreements. Any unused sick leave is generally paid in full to the employee at the end of the year and not accumulated into future periods.

N. Net Position

Net position represent the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Authority or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

ROCKAWAY VALLEY REGIONAL SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

O. Recent Accounting Pronouncements

In December 2023, the Government Accounting Standards Board issued GASB Statement No. 102, *Certain Risk Disclosures*. This Statement requires a government to assess whether a concentration or constraint makes the primary government reporting unit or other reporting units that report a liability for revenue debt vulnerable to the risk of a substantial impact. Additionally, this Statement requires a government to assess whether an event or events associated with a concentration or constraint that could cause the substantial impact have occurred, have begun to occur, or are more likely than not to begin to occur within 12 months of the date the financial statements are issued. The requirements of this Statement are effective for fiscal years beginning after June 15, 2024, and all reporting periods thereafter. The Authority is determining what effects, if any, this pronouncement will have on future financial statements.

In April 2024, the Government Accounting Standards Board issued GASB Statement No. 103, *Financial Reporting Model Improvements*. The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement also addresses certain application issues. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter, though, earlier application is encouraged. The Authority is currently reviewing the provisions of this Statement and plans to implement, as needed, before the effective date.

In September 2024, the Government Accounting Board issued GASB Statement No. 104, *Disclosure of Certain Capital Assets*. This Statement requires certain types of capital assets to be disclosed separately in the capital assets note disclosures required by Statement 34. Lease assets recognized in accordance with Statement No. 87, Leases, and intangible right-to-use assets recognized in accordance with Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements, should be disclosed separately by major class of underlying asset in the capital assets note disclosures. Subscription assets recognized in accordance with Statement No. 96, Subscription-Based Information Technology Arrangements, also should be separately disclosed. In addition, this Statement requires intangible assets other than those three types to be disclosed separately by major class. This Statement also requires additional disclosures for capital assets held for sale. A capital asset is a capital asset held for sale if (a) the government has decided to pursue the sale of the capital asset and (b) it is probable that the sale will be finalized within one year of the financial statement date. Governments should consider relevant factors to evaluate the likelihood of the capital asset being sold within the established time frame. This Statement requires that capital assets held for sale be evaluated each reporting period. Governments should disclose (1) the ending balance of capital assets held for sale, with separate disclosure for historical cost and accumulated depreciation by major class of asset, and (2) the carrying amount of debt for which the capital assets held for sale are pledged as collateral for each major class of asset.

ROCKAWAY VALLEY REGIONAL SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

O. Recent Accounting Pronouncements, (continued)

The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. Earlier application is encouraged. The Authority is determining what effects, if any, this pronouncement will have on future financial statements.

P. Revenues and Expenses

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Authority are charges to customers for services. Operating expenses include the cost of operations and services, administrative expenses and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as nonoperating revenues and expenses. State and federal grants for the operation of the Authority are considered operating revenues. Transactions or other events that are both unusual in nature and infrequent in occurrence are reported as extraordinary items.

NOTE 3. CASH AND CASH EQUIVALENTS

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

ROCKAWAY VALLEY REGIONAL SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 3. CASH AND CASH EQUIVALENTS, (continued)

All collateral must be deposited with the Federal Reserve Bank of New York, The Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

As of December 31, 2024, the Authority's cash and cash equivalents are summarized as follows:

	Money Market/CD's and Checking <u>Accounts</u>	NJ Cash Management <u>Fund</u>	<u>Total</u>
Unrestricted	\$10,326,836	\$214,139	\$10,540,975
Restricted	<u>98,461</u>	<u> </u>	<u>98,461</u>
	<u><u>\$10,425,297</u></u>	<u><u>\$214,139</u></u>	<u><u>\$10,639,436</u></u>

New Jersey Cash Management Fund – All investments ins the Fund are governed by the regulations of the Investment Council, which prescribes specific standards designed to insure the quality of investments and to minimize the risks related to investments. In all the years of the Division of Investment's existence, the Division has never suffered a default of principal or interest on any short-term security held by it due to the bankruptcy of a securities issuer; nevertheless, the possibility always exists, and for this reason a reserve is being accumulated as additional protection for the "Other-than-State" participants. In addition to the Council regulations, the Division sets further standards for specific investments and monitors the credit of all eligible securities issuers on a regular basis.

As of December 31, 2024, the Authority had \$214,139 on deposit with the New Jersey Cash Management Fund.

ROCKAWAY VALLEY REGIONAL SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 3. CASH AND CASH EQUIVALENTS, (continued)

The carrying amount of the Authority's cash and cash equivalents at December 31, 2024 was \$10,639,436 and the bank balance was \$10,775,297. This entire amount was covered by federal depository insurance and the collateral pool maintained by the banks as required by New Jersey Statutes.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposit may not be returned to it. The Authority's policy is based on New Jersey statutes requiring cash be deposited only in New Jersey based on banking institutions that participate in New Jersey Governmental Depository Protection Act (GUDPA) or in a qualified investment established in New Jersey Statutes 40A:5-15.1(a) that are treated as cash equivalents. As of December 31, 2024, \$-0- of the Authority's bank balance of \$10,775,297 was exposed to custodial risk.

NOTE 4. NEW JERSEY ENVIRONMENTAL INFRASTRUCTURE TRUST

The Authority issued bonds in 2007, 2010, 2015, 2018, 2019, 2021 and 2022 through the Trust to finance the improvement to the treatment facilities. The proceeds of the Bonds are held by the Trust until the Authority expends funds on the project. The Authority then submits for reimbursement of these expenditures from the Trust. The following is the remaining amount of funds to be received by the Trust:

NOTE 5. BONDS PAYABLE, (continued)

Series 2012 NJ Environmental Infrastructure Trust Bonds

On May 3, 2012, the Authority issued \$3,165,646 Series 2012 Subordinate Bonds through the New Jersey Environmental Infrastructure Trust Program. These bonds are being used for replacing existing screenings removal and grit removal equipment, installing cover channels, providing odor control systems, installing new HVAC system, installing motorized operators on influent sluice gates, replacing all gas detection and oxygen monitoring instrumentation, replacing existing temporary truck dewatering pad with permanent structure, and replacing corroded piping. In 2021, these bonds were internally refunded by the New Jersey Environmental Infrastructure, resulting in a savings of \$48,275 in principal and \$48,485 in interest.

Principal and interest due on outstanding 2020 bonds to maturity is as follows:

<u>Year</u>	<u>NJEIT SERIES 2012</u>			
	<u>Trust Portion</u>		<u>Fund Portion</u>	<u>Total</u>
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Debt Service</u>
2025	\$86,129	\$21,959	\$87,356	\$195,444

A description of these outstanding notes is as follows:

2021 Financing Trust Loan Program

The Authority was also granted temporary financing from the New Jersey Infrastructure Bank in the amount of \$13,034,996. The loan has been amended with a new amount of \$13,920,273. The Authority plans to permanently finance this loan with long-term bonds issued by the NJIB. This loan has an interest rate of 0.00% on the trust portion and 0.00% on the fund portion and matures on June 30, 2025.

NOTE 6. NOTES PAYABLE, (continued)

2023 Construction Loan Program

The Authority was granted temporary financing from the New Jersey Infrastructure Bank in the amount of \$6,000,000. As of December 31, 2024, the I-Bank has authorized the amount of \$6,000,000.

2024 Construction Loan Program

The Authority on June 27, 2024 issued a Note to the New Jersey Infrastructure Bank in the amount of \$11,058,761.

NOTE 7. PENSION PLAN

Description of Plans:

Authority employees participate in one of the two contributory, defined benefit public employee retirement systems: the State of New Jersey Public Employees' Retirement System (PERS) or the Defined Contribution Retirement Program (DCRP), a tax-qualified defined contribution money purchase pension plan under Internal Revenue Code (IRC) 401(a).

Public Employees' Retirement System (PERS)

Plan Description

The State of New Jersey Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the "Division"). For additional information about the PERS, please refer to the Division's Annual Comprehensive Financial Report (ACFR) which can be found at www.state.nj.us/treasury/pensions/annrpts.shtml.

Benefits Provided

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS. The following represents the membership tiers for PERS:

**ROCKAWAY VALLEY REGIONAL SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023**

NOTE 7. PENSION PLAN, (continued)

Benefits Provided, (continued)

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Public Employees' Retirement System (PERS), (continued)

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and to Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, to Tiers 3 and 4 before age 62 with 25 or more years of service credit and Tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Defined Contribution Retirement Program

Prudential Financial jointly administers the DCRP investments with the NJ Division of Pensions and Benefits. If an employee is ineligible to enroll in the PERS or PFRS, the employee may be eligible to enroll in the DCRP. DCRP provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting is immediate upon enrollment for members of the DCRP.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the DCRP. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625-0295.

Employers are required to contribute at an actuarially determined rate. Employee contributions are based on percentages of 5.50% for DCRP of employees' annual compensation, as defined. The DCRP was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and expanded under the provisions of Chapter 89, P.L. 2008. Employee contributions for DCRP are matched by a 3% employer contribution.

NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 7. PENSION PLANS, (continued)

Contribution Requirements

The contribution policy is set by laws of the State of New Jersey and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The pension funds provide for employee contributions based on 7.5% for PERS. Employers are required to contribute at an actuarially determined rate in all Funds. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits in the PERS. In the PERS, the employer contribution includes funding for post-retirement medical premiums.

The Authority's contribution to the various plans, equal to the required contributions for each year, were as follows:

<u>Three Year Trend Information for PERS</u>		
<u>Year</u>	<u>Annual</u>	<u>Percentage</u>
<u>Funding</u>	<u>Pension</u>	<u>of APC</u>
	<u>Cost (APC)</u>	<u>Contributed</u>
12/31/24	\$455,515	100%
12/31/23	434,934	100%
12/31/22	425,099	100%

ACCOUNTING AND FINANCIAL REPORTING FOR PENSION IN THE FINANCIAL STATEMENTS PER- GASB NO. 68

Public Employees Retirement System (PERS)

At December 31, 2024 and 2023, the Authority reported a liability of \$4,752,010 and \$4,936,551 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Authority's proportion of the net pension liability was based on a projection of the Authority's long-term share of contributions to the pension plan relative to the projected contributions of all participating governments, actuarially determined. At June 30, 2024, the Authority's proportion was .034971988 percent, which was a decrease of .00089007 percent from its proportion measured as of June 30, 2023.

NOTE 7. PENSION PLANS, (continued)

ACCOUNTING AND FINANCIAL REPORTING FOR PENSION IN THE FINANCIAL STATEMENTS PER- GASB NO.68, (continued)

Public Employees Retirement System (PERS), (continued)

For the year ended December 31, 2024, the Authority recognized pension expense (benefit) of \$78,105. At December 31, 2024, the Authority reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	<u>2024</u>	<u>2023</u>
Deferred Outflows of Resources:		
Changes of assumptions	\$5,903	\$10,845
Net difference between projected and actual earnings on pension plan investments	95,192	69,933
Changes in proportion and differences between Authority contributions and proportionate share of contributions	232,181	233,043
Authority contributions subsequent to the measurement date	<u>475,876</u>	<u>477,068</u>
Total	<u>\$809,152</u>	<u>\$790,889</u>

	<u>2024</u>	<u>2023</u>
Deferred Inflows of Resources:		
Net difference between projected and actual earnings on pension plan investments	\$220,338	\$319,355
Changes in proportion assumption and differences between Authority contributions and proportionate share of contributions	<u>259,525</u>	<u>365,354</u>
Total	<u>\$479,863</u>	<u>\$684,709</u>

NOTE 7. PENSION PLANS, (continued)

ACCOUNTING AND FINANCIAL REPORTING FOR PENSION IN THE FINANCIAL STATEMENTS PER- GASB NO.68, (continued)

Public Employees Retirement System (PERS), (continued)

The \$475,876 reported as deferred outflows of resources related to pensions resulting from Authority contributions subsequent to the measurement date (i.e. for the fiscal year ending December 31, 2024, the plan measurement date is June 30, 2024) will be recognized as a reduction of the net pension liability in the subsequent year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	<u>Dec. 31, 2024</u>	<u>Dec. 31, 2023</u>
Year ended:		
2024		\$(260,631)
2025	\$(201,759)	(145,474)
2026	156,115	203,291
2027	(89,816)	(36,381)
2028	(51,850)	619
2029	1,349	

Changes in Proportion

The previous amounts do not include employer specific deferred outflows of resources and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer over the average of the expected remaining service lives of all plan members, which is 5.08, 5.08, 5.04, 5.13, 5.16 and 5.21 years for 2024, 2023, 2022, 2021, 2020 and 2019 amounts, respectively.

Additional Information

Local Group Collective balances net of nonemployer (State of New Jersey) balances at December 31, 2024 and December 31, 2023 are as follows:

	<u>Dec. 31, 2024</u>	<u>Dec. 31, 2023</u>
Collective deferred outflows of resources	\$1,079,580,780	\$1,080,204,730
Collective deferred inflows of resources	1,611,322,898	1,780,216,457
Collective net pension liability	13,702,423,985	14,606,489,066
Authority's Proportion	.034971988%	0.03408191%

NOTE 7. PENSION PLANS, (continued)

ACCOUNTING AND FINANCIAL REPORTING FOR PENSION IN THE FINANCIAL STATEMENTS PER- GASB NO.68, (continued)

Public Employees Retirement System (PERS), (continued)

Actuarial Assumptions

The collective total pension liability for the June 30, 2024 measurement date was determined by an actuarial valuation as of July 1, 2023, which rolled forward to June 30, 2024. This actuarial valuation used the following assumptions, applied to all periods in the measurement.

Inflation Rate:	
Price	2.75%
Wage	3.25%
Salary Increases	2.75-6.55% (based on years of service)
Investment Rate of Return	7.00 Percent

Mortality Rates

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non- Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2023 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

ACCOUNTING AND FINANCIAL REPORTING FOR PENSION IN THE FINANCIAL STATEMENTS PER- GASB NO. 68, (continued)

Public Employees Retirement System (PERS), (continued)

Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2024) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2024 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
U.S. Equity	28.00%	8.63%
Non-U.S. Developed Market Equity	12.75%	8.85%
International Small Cap Equity	1.25%	8.85%
Emerging Market Equity	5.50%	10.66%
Private Equity	13.00%	12.40%
Real Estate	8.00%	10.95%
Real Assets	3.00%	8.20%
High Yield	4.50%	6.74%
Private Credit	8.00%	8.90%
Investment Grade Credit	7.00%	5.37%
Cash Equivalents	2.00%	3.57%
U.S. Treasuries	4.00%	3.57%
Risk Mitigation Strategies	3.00%	7.10%

NOTE 7. PENSION PLANS, (continued)

ACCOUNTING AND FINANCIAL REPORTING FOR PENSION IN THE FINANCIAL STATEMENTS PER- GASB NO. 68, (continued)

Public Employees Retirement System (PERS), (continued)

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2024. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate

The following presents the collective net pension liability of the participating employers as of June 30, 2024 calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1 -percentage point lower or 1-percentage-point higher than the current rate:

	<u>June 30, 2024</u>		
	<u>1%</u>	<u>At Current</u>	<u>1%</u>
	<u>Decrease</u>	<u>Discount Rate</u>	<u>Increase</u>
	<u>6.00%</u>	<u>7.00%</u>	<u>8.00%</u>
Authority's proportionate share of the pension liability	\$6,367,403	\$4,752,010	\$3,451,359
	<u>June 30, 2023</u>		
	<u>1%</u>	<u>At Current</u>	<u>1%</u>
	<u>Decrease</u>	<u>Discount Rate</u>	<u>Increase</u>
	<u>6.00%</u>	<u>7.00%</u>	<u>8.00%</u>
Authority's proportionate share of the pension liability	\$6,480,518	\$4,936,551	\$3,699,473

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Public Employees Retirement System (PERS). The financial report may be accessed at www.nj.gov/treasury/pensions.

NOTE 8. OTHER POST EMPLOYMENT BENEFITS

In addition to the pension benefits described in Note 7, the Authority provides post employment health care benefits in accordance with the provisions of Ch. 88, P.L. 1974 as amended by Chapter 436, P.L. 1981, at its cost. On May 13, 2010, the Authority adopted the provisions of N.J.S.A. 52:14-17.38 and adhered to the rules and regulations promulgated by the State Health Benefits Commission to implement the provisions of that law. This resolution affects employees as shown in Chapter 48, P.L. 1999. It is effective on the 1st day of July, 2010.

Chapter 48, P.L. 1999, provides eligible participating local employers considerable flexibility in managing their postretirement medical costs. It also brings State Health Benefits Program (SHBP) and School Employees' Health Benefits Program (SEHBP) eligibility standards for employer-paid coverage into alignment with local government laws.

Adoption of this Resolution does not free RVRSA of the obligation to pay for postretirement medical benefits of retirees or employees who qualified for those payments under any Chapter 88 or Chapter 48 Resolution previously adopted by the governing body.

The Resolution will remain in effect until properly amended or revoked with the State Health Benefits Program. RVRSA recognizes that, while it remains in the State Health Benefits Program, it is responsible for providing the payment for postretirement medical coverage as listed in the Chapter 48 Resolution Addendum for all employees who qualify for this coverage while this Resolution is in force.

NOTE 8. OTHER POST EMPLOYMENT BENEFITS, (continued)

General Information about the OPEB Plan

The State Health Benefit Local Government Retired Employees Plan (the Plan) is a cost-sharing multiple-employer defined benefit otherpostemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. The plan meets the definition of an equivalent arrangement as defined in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions* (GASB Statement No. 75); therefore, assets are accumulated to pay associated benefits. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits' (the Division) Annual Comprehensive Financial Report (ACFR), which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

The Plan provides medical and prescription drug to retirees and their covered dependents of the employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A. 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

ROCKAWAY VALLEY REGIONAL SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 8. OTHER POST EMPLOYMENT BENEFITS, (continued)

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provides they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

Total OPEB Liability

At December 31, 2024 and 2023, the Authority had a liability of \$9,421,487 and \$8,225,234, respectively, for its proportionate share of the non-special funding net OPEB liability. The net OPEB liability for 2023 was measured as of June 30, 2024 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The Authority's proportion of the net OPEB liability was based on a projection of the Authority's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating employers a in the plan. At June 30, 2023 the Authority's proportion was .052618 percent.

For the years ended December 31, 2024 and 2023, the Authority recognized OPEB (benefit) expense of \$216,397 and \$118,478, respectively. At December 31, 2024 and 2023, deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>2024</u>	<u>2023</u>
Deferred Outflows of Resources:		
Net difference between projected and actual earnings on pension plan investments	\$477,132	\$379,305
Changes of assumptions	1,575,094	1,065,476
Changes in proportion and differences between the Authority's contributions and proportionate share of contributions	<u>2,611,101</u>	<u>3,197,614</u>
Total	<u>\$4,663,327</u>	<u>\$4,642,395</u>
	<u>2024</u>	<u>2023</u>
Deferred Inflows of Resources:		
Net difference between projected and actual earnings on pension plan investments	\$1,596,324	\$2,233,705
Changes of assumptions	1,563,907	2,325,010
Changes in proportion and differences between the Authority's contributions and proportionate share of contributions	<u>719,567</u>	<u>523,241</u>
Total	<u>\$3,879,798</u>	<u>\$5,081,956</u>

ROCKAWAY VALLEY REGIONAL SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 8. OTHER POST EMPLOYMENT BENEFITS, (continued)

Amounts reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the OPEB liability in the subsequent year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB (excluding changes in proportion) will be recognized in OPEB expense as follows:

	<u>2024</u>	<u>2023</u>
Year ended June 30:		
2024		(933,148)
2025	(591,414)	(764,307)
2026	(254,621)	(413,477)
2027	(43,755)	(193,823)
2028	(233,274)	(391,241)
2029	(148,618)	
Thereafter	159,411	(419,295)

Changes in Proportion

The previous amounts do not include employer specific deferred outflows of resources and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer over the average of the expected remaining service lives of all plan members, which is 7.89, 7.89, 7.82, 7.82, 7.87 and 8.05 years for 2024, 2023, 2022, 2021, 2020 and 2019 amounts, respectively.

Actual Assumptions and Other Inputs

The total OPEB liability for the June 30, 2024 measurement date was determined by an actuarial valuation as of July 1, 2023, which rolled forward to June 30, 2024. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

**ROCKAWAY VALLEY REGIONAL SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023**

NOTE 8. OTHER POST EMPLOYMENT BENEFITS, (continued)

Actual Assumptions and Other Inputs, (continued)

Salary increases*:		
Public Employees' Retirement System (PERS)		
Rate for all future years		2.75% to 6.55% based on years of service
Police and Firemen's Retirement System (PFRS)		
Rate for all future years		3.25% to 16.25% based on years of service
Mortality:		
PERS		Pub-2010 General classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2021
PFRS		Pub-2010 Safety classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2021

* Salary increases are based on years of service within the respective plan.

Actuarial assumptions used in July 1, 2023 valuation were based on the results of the PFRS and PERS experience studies prepared for July 1, 2019 to June 30, 2022.

100% of active members are considered to participate in the Plan upon retirement.

Discount Rate

The discount rate for June 30, 2024 and 2023 was 3.93% and 3.65%, respectively. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend is initially 7.50% and decreases to a 4.5% long-term trend rate after nine years. For post-65 medical benefits PPO, the trend is increasing to 22.62% in fiscal year 2027 and decreases to 4.50% in fiscal year 2034. For HMO, the trend is increasing to 23.58% in fiscal year 2027 and decreases to 4.50% in fiscal year 2033. For prescription drug benefits, the initial trend rate is 12.75% and decreases to a 4.5% long-term trend rate after nine years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 8. OTHER POST EMPLOYMENT BENEFITS, (continued)

Sensitivity of Net OPEB Liability to Changes in the Discount Rate

The following presents the Authority's proportionate share of the net OPEB liability as of June 30, as well as what the Authority's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1 percentage point higher than the current rate:

	June 30, 2024		
	1%	At Current	1%
	Decrease	Discount Rate	Increase
	<u>2.93%</u>	<u>3.93%</u>	<u>4.93%</u>
Authority's proportionate share of Net OPEB liability	\$10,975,017	\$9,421,487	\$8,177,248

	June 30, 2023		
	1%	At Current	1%
	Decrease	Discount Rate	Increase
	<u>2.65%</u>	<u>3.65%</u>	<u>4.65%</u>
Authority's proportionate share of Net OPEB liability	\$9,527,443	\$8,225,234	\$7,177,808

Sensitivity of Net OPEB Liability to Changes in the Healthcare Trend Rates:

The following presents the Authority's proportionate share of the net OPEB liability as of June 30, as well as what the Authority's proportionate share of the net OPEB liability would be if it were calculated using a healthcare trend rate that is 1-percentage point lower or 1 percentage point higher than the current rate:

	June 30, 2024		
	1%	Healthcare Cost	1%
	Decrease	Trend Rate	Increase
Authority's proportionate share of Net OPEB liability	\$7,968,655	\$9,421,487	\$11,289,421

	June 30, 2022		
	1%	Healthcare Cost	1%
	Decrease	Trend Rate	Increase
Authority's proportionate share of Net OPEB liability	\$6,990,481	\$8,225,234	\$9,806,096

NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 9. COMMITMENTS AND CONTINGENT LIABILITIES

Various legal actions, proceedings and claims are pending or may be instituted or asserted against the Authority. They are as follows:

Jersey City Municipal Utilities Authority, et al., v. Town of Dover, et als., Docket No. HUD-L-0131-10

As a member of the RVRSA, the City of Jersey City ("City") shares a portion of the RVRSA's capital and operating costs and is billed together with the RVRSA's members. The City's participation in the RVRSA's construction program and operations originates from a 1971 Stipulation of Settlement (City of Jersey City v. Town of Dover, et al., Docket No. C658-68), approved by the Superior Court of New Jersey, Hudson County. Under the Stipulation, the City transferred ownership of its Parsippany wastewater treatment plan and trunkline to the Authority and agreed to pay a share of capital and operating costs based on sewage flow and system capacity. In 1984, the parties executed an Amendment to the Stipulation resolving reinstated litigation by reducing the City's capital share for Segment 1 by \$500,000, reaffirming its obligation to contribute to operating and capital costs, and barring future challenges to the agreement.

Despite this bar, the City and the Jersey City MUA filed suit against the RVRSA and its member municipalities (Jersey City MUA and the City of Jersey City v. Town of Dover, et al., MRS-L-1313-10) in 2010, seeking declaratory and monetary relief, including termination of their obligation to pay capital and operating costs and the invalidation of the 1984 Settlement. In 2014, the Superior Court granted partial summary judgment to the RVRSA and the member municipalities, barring multiple claims that could have been raised in 1984. After trial in 2018, the Court entered partial judgment for RVRSA, holding that the City remain responsible for their proportional share of repair, operation, and maintenance costs, and that they had breached the agreement by withholding payments since 2010. A separate trial was ordered on damages, where on November 3, 2021, the Court dismissed RVRSA's damage claims for certain construction projects between January 1, 2010, and June 30, 2018 (totaling \$4,674,801.02), and later denied RVRSA's motion for reconsideration on January 31, 2022.

The City filed its Notice of Appeal on January 21, 2022 to the decisions of the Court which were rendered over the years, with the exception of the decision in the bifurcated damage claims. In February, 2022, RVRSA and the Municipal Defendants each filed Notices of Cross Appeal as to the decision in the bifurcated damage claim. On May 20, 2025, the Appellate Division affirmed all the lower court decisions. The opinion additionally stated that the Settlement Agreement will terminate if the wastewater facility is enlarged or expanded beyond 12 MDG. That issue was never raised or argued by any party during the pendency of the litigation.

**ROCKAWAY VALLEY REGIONAL SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023**

NOTE 9. COMMITMENTS AND CONTINGENT LIABILITIES, (continued)

On June 16, 2025, the City filed a Petition for Certification to the Supreme Court of New Jersey challenging the majority of the decisions affirmed by the Appellate Division. On June 19, 2025, the RVRSA filed a Cross Petition for Certification to the Supreme Court of New Jersey, challenging the Appellate Division's additional language regarding expansion and enlargement as described above. As of the date of this letter, the Supreme Court of New Jersey has not yet decided on whether it will accept or deny the Petitions for Certification filed by the Parties.

Even in the unlikely event that the Plaintiffs are successful in this litigation, there is not expected to be any material financial impact on the financial condition of the RVRSA, even if a court of competent jurisdiction issues an unappealable decision holding that the expansion or enlargement beyond 12 MGD will terminate the Stipulation, due to the fact that the payments now made by the Jersey City parties will instead become the responsibility of the participant municipalities.

RVRSA v. Jersey City Municipal Utilities Authority and City of Jersey City, Dkt. MRS-L-001 861-22

In December 2022, the RVRSA filed a Complaint against the Jersey City parties seeking an Order to compel them to pay for their proportional share of the costs for construction projects funded with debt financing. The claim is based upon the 1984 Amended Stipulation of Settlement and the October 2018 ruling in the matter of Jersey City MUA, et al. v. Town of Dover, et al., Dkt. No. HUD-L-0131-10. The Complaint seeks past costs related to the failure to pay for the projects from August 2018 through the eventual date of trial and an Order compelling the City to continue to pay their portion of such costs. The City parties have asserted affirmative defenses and a Counterclaim seeking to terminate the 1984 Amended Stipulation of Settlement and to dismiss the Complaint filed by the RVRSA. Discovery for this case concluded on September 1, 2025, and the trial is scheduled to occur on January 5 and 6, 2026, unless the parties agree to proceed with an alternative dispute resolution process that is being negotiated.

NOTE 10. RISK MANAGEMENT

The Rockaway Valley Regional Sewerage Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance

The Authority is currently a member of the New Jersey Utility Authorities Joint Insurance Fund, a public entity risk pool currently composed of 46 member authorities. The Fund provides members with Property, Liability and Worker's Compensation Insurance. The Authority continues to carry Public Officials Liability and Public Employee Dishonesty insurance through outside policies.

FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 10. RISK MANAGEMENT, (continued)

New Jersey Unemployment Compensation Insurance

The Authority has elected to fund its New Jersey Unemployment Compensation Insurance under the “Benefit Reimbursement Method”. Under this plan, the Authority is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Authority is billed quarterly for amounts due to the State. The following is a summary of Authority contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the Authority’s expendable trust fund for the current and prior year:

Fiscal <u>Year</u>	Employee Contributions/ Interest Earnings/ Authority <u>Contributions</u>	Amount <u>Reimbursed</u>	Ending <u>Balance</u>
2024	\$7,287	\$15,985	\$98,461
2023	4,515	-0-	107,159
2022	9,529	5,233	102,644

NOTE 11. DEFERRED COMPENSATION PLAN

Employees of the Rockaway Valley Regional Sewerage Authority may participate in a deferred compensation plan adopted under the provisions of Internal Revenue Code Section 457 (Deferred Compensation Plans with Respect to Service for State and Local Government). The deferred compensation plan is available to all employees of the Authority. Under the plan, employees may elect to defer a portion of their salaries and avoid paying taxes on the deferred portion until the withdrawal date. The deferred compensation amount is not available for withdrawal by employees until termination, retirement, death, or unforeseeable emergency. The deferred compensation plan is administered by an unrelated financial institution. The employees’ contributions to the Plan and all income attributable to those amounts have been transferred to the exclusive benefit of the participating employees and their beneficiaries.

NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 12. DESIGNATION OF UNRESTRICTED NET ASSETS

The Authority maintains funds that, although may be spent for any lawful purpose by the Authority, have been designated by the Board as follows:

	<u>2024</u>	<u>2023</u>
Designated for Renewal and Replacement	\$1,422,372	\$1,679,762
Designated for Subsequent Year's Budget	3,413,100	2,221,450
Designated for Capital Replacements	23,702	23,702
Designated for Debt Service	<u>1,064,824</u>	<u>927,152</u>
Total Designated- Unrestricted	<u>\$5,923,998</u>	<u>\$4,852,066</u>

At December 31, 2024, the Authority reported a total amount of \$5,923,998 of Unrestricted Net Position - Designated for the purposes described above.

The remaining, undesignated portion of the Authority's net position was comprised of the following at December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Pension Related	(\$4,898,597)	(\$5,307,439)
OPEB related	(8,637,958)	(8,664,795)
Available for Use in Future Budgets	<u>5,905,417</u>	<u>6,327,403</u>
	<u>(\$7,631,138)</u>	<u>(\$7,644,831)</u>

ROCKAWAY VALLEY REGIONAL SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 13. OTHER MATTERS

At December 31, 2024, the Authority had an accounts receivable balance of \$11,823,181, of which \$11,810,364 was under dispute by Jersey City. The Authority has not consented to any change in the obligation of Jersey City as further detailed in Note 9. There has been no allowance for doubtful accounts set aside for this dispute.

The Authority has been collecting from the remaining participating municipalities a partial amount in dispute by the City of Jersey City. These advanced payments in the amount of \$10,169,969 have been recorded on the Authority's financial statements as unearned revenue until such time as the litigation is concluded. Depending on the outcome of the litigation, the unearned revenue will either be refunded to the municipalities or used to offset the loss in revenues from the uncollected receivable balance. Any difference between the unearned revenue and amount under dispute will be billed to the participants upon final judgment.

NOTE 14. SUBSEQUENT EVENTS

The Authority issued on May 15, 2025 NJIB Series 2025-SW and Series 2025C-SW1 Bonds in the amount of \$13,244,029. The proceeds of these bonds were used to refinance the Series 2021 NJIB Notes for the Phosphorous and Filtration Project.

The Rockaway Valley Regional Sewerage Authority has evaluated subsequent events through October 8, 2025, the date which the financial statements were available to be issued and no other items were noted for disclosure.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Chairman and Members of the
Rockaway Valley Regional Sewerage Authority
99 Green Bank Road
Boonton, New Jersey 07005

We have audited, in accordance with auditing standards generally accepted in the United States of America; audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Rockaway Valley Regional Sewerage Authority, as of and for the year ended December 31, 2024, and the related notes to the financial statements, and have issued our report thereon dated October 8, 2025.

Internal Control Over Financial Reporting

In planning and performing our audit on the financial statements, we considered the Rockaway Valley Regional Sewerage Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Rockaway Valley Regional Sewerage Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Rockaway Valley Regional Sewerage Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Rockaway Valley Regional Sewerage Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND N.J. OMB CIRCULAR 15-08

Honorable Chairman and Members of the
Rockaway Valley Regional Sewerage Authority
99 Green Bank Road
Boonton, New Jersey 07005

Report on Compliance for Each Major Federal and State Program

Opinion on Each Major Federal and State Program

We have audited Rockaway Valley Regional Sewerage Authority's compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement and the N.J. Office of Management and Budget Circular 15-08 Compliance Supplement that could have a direct and material effect on each of Rockaway Valley Regional Sewerage Authority's major federal and state programs for the year ended December 31, 2024. Rockaway Valley Regional Sewerage Authority's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Rockaway Valley Regional Sewerage Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended December 31, 2024.

Basis for Opinion on Each Major Federal and State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and N.J. OMB Circular 15-08. Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Rockaway Valley Regional Sewerage Authority and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of Rockaway Valley Regional Sewerage Authority's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Rockaway Valley Regional Sewerage Authority's federal and state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Rockaway Valley Regional Sewerage Authority's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, the Uniform Guidance, and N.J. OMB Circular 15-08 will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Rockaway Valley Regional Sewerage Authority's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, the Uniform Guidance, and N.J. OMB Circular 15-08, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Rockaway Valley Regional Sewerage Authority's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

- Obtain an understanding of Rockaway Valley Regional Sewerage Authority's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and N.J. OMB Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of Rockaway Valley Regional Sewerage Authority's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Honorable Chairman and Members of the
Rockaway Valley Regional Sewerage Authority
Page 4.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and N.J. OMB Circular 15-08. Accordingly, this report is not suitable for any other purpose.

ROCKAWAY VALLEY REGIONAL SEWERAGE AUTHORITY

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS DECEMBER 31, 2024

NOTE 1. GENERAL

The accompanying Schedule of Expenditures of Federal and State Awards present the activity of all federal and state award programs of the Rockaway Valley Regional Sewerage Authority. The Authority is defined in Note 1 to the Authority's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal and state financial assistance passed through other government agencies is included on the Schedule of Expenditures of Federal and State Financial Assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying Schedules of Expenditures of Awards and Financial Assistance are presented on the accrual basis of accounting. These bases of accounting are described in Notes 2(A) to the Authority's basic financial statements. The information in this schedule is presented in accordance with the requirements of Uniform Guidance and Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.

NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

Amounts reported in the accompanying schedules agree with amounts reported in the Authority's financial statements as follows:

	New Jersey Environmental <u>Fund</u>	New Jersey Environmental <u>Trust</u>	<u>Total</u>
Balance- 12/31/23	\$3,412,037	\$3,412,036	\$6,824,073
Loans Awarded	5,529,381	5,529,380	11,058,761
Loans Received	2,225,961	2,225,961	4,451,922
Cancelled			
Balance- 12/31/24	<u>\$6,715,457</u>	<u>\$6,715,455</u>	<u>\$13,430,912</u>

NOTE 4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5. INDIRECT COST RATE

The Rockaway Valley Regional Sewerage Authority has not elected to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

FOR THE FISCAL YEAR ENDED DECEMBER 31, 2024**

Status of Prior Year Findings

A review was performed on all prior year's recommendations and corrective action was taken.

General Comments and Recommendations

ROCKAWAY VALLEY REGIONAL SEWERAGE AUTHORITY

GENERAL COMMENTS

Contracts and Agreements Required to be Advertised Per N.J.S. 40A:11-3

N.J.S.A. 40A:11-2 contains definitions for terms used throughout N.J.S.A. 40A:11-1 et seq. and was amended under P.L. 1999, c.440. It includes as subsection (23) the term ‘competitive contracting’, which is defined as “the method described in sections 1 through 5 of P.L. 1999, c.440 (C.40:11-4.1 through C.40A:11-4.5) of contracting for specialized goods and services in which formal proposals are solicited from vendors, formal proposals are evaluated by the purchasing agent or counsel; and the governing body awards a contract to a vendor or vendors from among the formal proposals received.”

N.J.S.A. 40A:11-3 was amended with P.L. 1999, c.440 to raise the bid threshold and require award by governing body resolution. “When the cost or price of any contract awarded by the purchasing agent in the aggregate does not exceed in a contract year the sum of \$44,000, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids and bidding therefore, except that the governing body may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations.”

N.J.S.A. 40A:11-15 was amended with P.L. 1999, c.440 to extend the base contract period. “Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to paragraph (1) of subsection (a) of N.J.S.A. 40A:11-5 may be awarded for a period not exceeding 12 consecutive months.

The governing body of the Authority has the responsibility of determining whether the expenditures in any category will exceed the statutory threshold within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the opinion of the Authority’s attorney should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The results of our examination indicated that no individual payments, contracts, or agreements were made “for the performance of any work or the furnishing or hiring of any materials or supplies,” in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 40A:11-4.

Resolutions were adopted authorizing the awarding of contract or agreements for “Professional Services” per N.J.S.A. 40A:11-5.

ROCKAWAY VALLEY REGIONAL SEWERAGE AUTHORITY

The Authority did not have any prior year recommendations.

Problems and weaknesses noted in our review were not of such magnitude that they would affect our ability to express an opinion on the financial statements taken as a whole.

Should any questions arise as to our comments and recommendations, or should you desire assistance in implementing our recommendations, do not hesitate to call us.

We wish to thank Rockaway Valley Regional Sewerage Authority for their cooperation during the performance of our audit.

Respectfully submitted,
