The Contractor and all Subcontractors shall comply with all applicable Regulations of the Secretary of Labor, made pursuant to the Anti-Kickback Act of June 30, 1940, 40 U.S.C. 276(c) and any amendments or modifications hereto.

The applicable Federal Wage Rate Determinations, as prepared by the Secretary of Labor and the "Labor Standards" are incorporated by reference into the Contract Documents as if set forth at length herein.

0.41 State Wage Rates and Contractor Registration

The Contractor's attention is directed to the prevailing wage rates listed on the SWR pages and to the applicable provisions of the New Jersey Prevailing Wage Act, Chapter 150, of the Laws of 1963 as amended, governing the prevailing rates of wages for workmen who are employed on this project. All applicable provisions of said Prevailing Wage Act and Amendments thereto shall be considered part of this Contract and made a part hereof. The Bidder does also declare and represent that in the event of any change of such prevailing rates at any time before the execution and delivery of the Contract between the Bidder and the Owner for the work of construction of the project, or at any time thereafter, the new rates, if applicable, will become minimum rates for work performed thereafter under said Contract. No increase in the Contract price shall be claimed by the Bidder and no such increase will be granted by the Owner as a result of such change. The Contractor is specifically directed to the following requirements as set forth by the Act (to the extent applicable):

- a. All workmen engaged in the performance of services directly under this public work Contract shall be paid not less than the prevailing rate of wages as specified.
- b. Each Contractor and subcontractor shall keep an accurate record showing the name, craft trade, and actual hourly rate of wages paid to each workman employed by him in connection with said public work. Records shall be preserved for two years from date of payments.

c. The Contractor and Subcontractor shall post the prevailing wage rates for each craft and classification involved, as determined by the Commissioner of Labor and Industry, including the effective date of any changes thereof, in prominent and easily accessible places at the site of the work, or at such place or places as are used by them to pay workmen their wages.

d. In the event that it is found that any workman employed by the Contractor or any Subcontractor covered by such a Contract is paid less than the required wage rates, the Owner may terminate the Contractor's or Subcontractor's right to proceed with the work, or such part of the work as to which there has been a failure to pay required wages, and to prosecute the work to completion or otherwise, and the Contractor and his Surety shall be liable to the Owner for any excess costs occasioned thereby.

e. The Contractor and Subcontractors shall file written statements to the Owner certifying to the amounts then due and owing from them to any and all workmen or wages due on account of said work. Said statements shall be filed prior to the final payment certificate and again prior to the final payment of any retained percentage funds by the Owner. The statements shall set forth the names of the persons whose wages are unpaid (if any) and the amount due to each. The statements shall be verified by the oath of the Contractor or Subcontractor as the case may be.

f. Whenever the State and Federal Wage Rate Determinations list different minimum rates of pay for the same class of worker, the Contractor and all Subcontractors shall pay the higher of the two rates.

g. Fringe benefits are part of prevailing wage rates; employers not paying these fringe benefits to a party designated in a collective bargaining agreement shall pay benefits directly to employee on each pay day. Each bidder shall read carefully and fully said published wage rates, and shall predicate and bid on said rates as minimum requirements. Submission of bid shall imply that Bidder has carefully inspected all said wage rates, that the Bidder is thoroughly familiar with all provisions of the Prevailing Wage Act and that should he be awarded a contract, he will fully and faithfully comply with all provisions of the Prevailing Wage Act.

The Bidder's attention is directed to the provisions of P.L. 1999, c. 238 (N.J.S.A. 34:11-56.48, The Public Works Contractor Registration Act), which requires registration with the New Jersey Department of Labor as a condition to bidding on or engaging in a contract for a public work, as defined therein.

The referenced Act became effective on April 11, 2000 revisions became effective August 16, 2003 and pertains to Contractors who perform work subject to the New Jersey Prevailing Wage Act.

If the Public Works Contractor Registration Act is applicable, unless the Bidder has registered with the New Jersey Department of Labor, the bid will be considered non-responsive.
